

VpCI®-649 N

PRODUCT DESCRIPTION

VpCI-649 N is a unique, concentrated liquid formulation that protects ferrous and non-ferrous metals from corrosive solutions. In addition, this product is designed to provide long-term protection in fresh water and glycol closed loop systems.

VpCI-649 N is effective as a replacement for nitrite, bromate, and/or chromate-based formulations.

VpCI-649 N combines contact and volatile corrosion inhibitors along with anti-scalants in non-toxic formulation that does not contain nitrites, phosphates, chromates, or heavy metals. This product helps solve the problem of disposal, particularly for large quantities of water.

FEATURES

- Effective for a broad range of applications to stop aggressive corrosion in systems containing fresh water, glycol coolants, etc.
- Environmentally friendly and nitrite-free
- Low concentration effectiveness provides economical treatment
- Vapor phase action provides protection to areas that contact inhibitors cannot reach
- Contains an acrylic polymer to prevent scale formation
- Readily water-soluble liquid for easy application
- Multimetal protection
- Effective in low dosages
- Does not contain free amines

TYPICAL APPLICATIONS

- Inhibitor for closed loop cooling systems
- Fire extinguishing systems
- Inhibitor for hydrostatic testing of pipelines, casings, tanks, and valves
- Inhibitor for packer fluid applications
- Prevents water-bottom corrosion in oil storage tanks
- Alkanolamine sweeteners
- Pulp and paper process equipment
- · Mines, mining, and earth moving equipment
- Inhibitor for lay-up application of cooling towers

DOSAGE

- For closed loop operational systems start at 2,500-3,000 ppm (0.25-0.3 wt.%)
- For seasonal wet lay-up application (up to 6 months) use VpCl-649 N at a concentration of 0.5 wt.% of inhibitor by volume.
- For hydrotest and drain applications contact Cortec for dosage information.

PACKAGING

VpCI-649 N is available in 5 gallon (19 liter) pails, 55 gallon (208 liter) drums, liquid totes, and bulk. The product should be stored in tightly closed containers. Shelf life is 18 months.

TYPICAL PROPERTIES

VpCI-649 N

Appearance Clear amber liquid

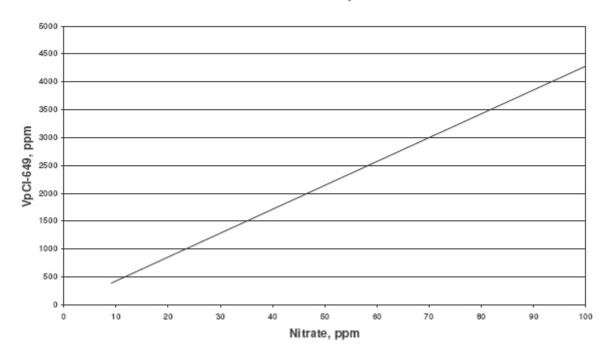

Density 9.5-9.7 lb/gal (1.14-1.16 kg/l)

Type Water-based
Non-volatile Content pH 9.1-9.6 (Neat)

BOD 2,500 mg/l COD 7,600 mg/l

Theoretical Concentration of VpCI-649 vs Nitrate

FOR INDUSTRIAL USE ONLY KEEP OUT OF REACH OF CHILDREN KEEP CONTAINER TIGHTLY CLOSED NOT FOR INTERNAL CONSUMPTION CONSULT SAFETY DATA SHEET FOR MORE INFORMATION

LIMITED WARRANTY

All statements, technical information and recommendations contained herein are based on tests Cortec Corporation believes to be reliable, but the accuracy or completeness thereof is not guaranteed.

Cortec Corporation warrants Cortec® products will be free from defects when shipped to customer. Cortec Corporation's obligation under this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify Cortec Corporation of the claimed defect within six months after shipment of product to customer. All freight charges for replacement products shall be notify by customer.

Cortec Corporation shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products.
