

## **Nordic Meeting May 2005**

A Sales Strategy meeting was held in Sweden which was attended by representatives of Five Nordic Countries.

This meeting gave us the opportunity to share the remarkable successes obtained in the whole Nordic Region as well as receiving an update about Cortec's new products and developments.

In addition to this successful meeting, the Group enjoyed the traditional Swedish hospitality and contagious 'rock and roll' dancing enthusiasm!

The Nordic Sales Strategy meetings are programmed on a yearly basis. Next one scheduled in May 2006 will be held in Finland.
