Eau Claire, WI 54703

Dear Mr Chandler:

Thank you for taking interest in our recycling processes. As you know we have been purchasing the scrap produced from you process for approximately one year. In that time we have been utilizing the coated scrap from your facility into our system at our Wisconsin Paperboard mill in Milwaukee, WI, as furnish to manufacturer 100% recycled paperboard. During this time we have run into no complications within our process in utilizing your scrap materials.

Thank you for your continued business as a valued supplier to the Newark Group.

Sincerely,

RECYCLED FIBERS DIVISION - MIDWESTERN REGION
